

Mail Box 2 Way Sensors (**MBS-02W**)

AST- Mail Box 2way Sensors is design for Mail Box cabinet for letter detection system, the control board provides relay output and local LED indication for remote and local indication.

Specifications

	AST-MBS-02W
Function	
Power Supply	12V/50mA (Active); 12V/35mA (Standby)
Working Distance	5mm -50mm (Adjustable)
LED Indication	4 LEDs (Optional)
Output	Dry Contact Output (rating 12V/ 1A)
Dimensions	200mm x 20mm x 12mm H x W x D (200mm x 30mm x 15mm) with connector
Working Environment	-10°C to 50°C 10% to 90% RH
